# SUMMER FAMILY ACTIVITIES & EVENTS

**'Junk in the Trunk:'  
Pull up your car,  
open the trunk and  
start the selling!**

**YOUR JUNK HERE!**

You've heard the old saying, *"One person's junk is another person's treasure."*

Fill a trunk with household items, collectibles and crafts for sale, and a crowd of thrifters eager to buy stuff directly from the trunk of your parked car, and you've got Junk in the Trunk.

Marysville Parks and Recreation invites you to our first-ever Junk in the Trunk from 9 a.m.-4 p.m. Saturday, July 9 in the Municipal Court Parking Lot at 1015 State Ave. (across from the Post Office).

Parking spaces at the courthouse will be packed full of thrifters searching for treasures and vendors hoping to sell them. Each parking slot in our lot will be sold to a vendor selling items directly from the trunk of their vehicle. Find treasures like toys, clothes, collectibles, crafts, furniture, housewares and more. This event is free to the public and only \$25 for vendors with a car and \$40 for larger vehicles such as RV's and trucks. Enjoy food, music and running into your friends and neighbors. Rain or shine event. Want to be a vendor? Call (360) 363-8400 or email Recreation Coordinator Maryke Burgess at [mburgess@marysvillewa.gov](mailto:mburgess@marysvillewa.gov).

Time: 9:00am - 4:00pm  
When: Saturday, July 9  
Location: Municipal Court Parking Lot  
1015 State Ave.  
Age: 18 and older  
Course #: 8175 Car Cost: \$25  
Course #: 8176 Truck/RV Cost: \$40

## Parks & Recreation Activities Guide your guide to summer fitness, fun and health

I am pleased to present the 2011 Spring/Summer Marysville Parks and Recreation Activities Guide, the only guidebook you will need this season for ideas to stay active, feel great and have fun here in our Marysville parks.

The journey to good health starts with a single step. Get an early jump now and start planning how you and your family can get the most fun out of the many activities, programs and opportunities provided through Marysville Parks and Recreation.

There is so much to do in Marysville.

Your Parks and Recreation director, staff and crew are second to none. They have put together another terrific series of spring and summer classes and community activities that will ensure you won't have to look hard to find something fun that appeals to your creative or adventurous side.

Summer day camps for kids, rowing classes for young and old, kickball, softball and other athletics, enrichment classes, healthy cooking classes, arts and crafts and every dance style imaginable are just some of the dizzying variety of recreational classes and activities that await you. And with our new ePlay online registration system launched in December, it has never been easier to sign up for a Parks and Recreation class.

We invite you to attend the 3rd Annual Healthy Communities Challenge Day on Saturday, June 4 at Allen Creek Elementary,

Mayor Nehring

running same time same place with the kickoff of the Snohomish County Get Movin' summer fitness program.

This year the Marysville Community Coalition is taking leadership of Challenge Day. The Coalition includes volunteers from government, public schools, Sno-Isle Library, and several local health and human service organizations and businesses.

July will mark the return of our popular Friday night outdoor summer concerts, Saturday night movies under the stars - and some new surprises - are just a few more events to make this summer a memorable one for you, your family and friends.

I am a strong advocate of making Marysville a more walkable, bikeable community, with safe routes that create neighborhood connections. In 2011, we will begin construction on the first phase of Bayview Ridge Trail, a 1.6-mile trail in the City's eastside foothills from SR 528 north to 84th Street NE.

When you're out recreating this summer, be good stewards of your parks. Help us keep them clean by picking up and packing out garbage so that everyone can enjoy them. Pick up after your pets. Call 911 to report vandalism, graffiti or suspicious activity. Your stewardship will ensure enjoyment for other park visitors.

We invite you to share this guide with your friends and families, and we thank you for giving us the opportunity to make a difference in the lives of the people who make Marysville a great place to live, work, recreate and raise a family.

To you and your family, have a safe and pleasant summer.

### Marysville Healthy Communities Tip #35

Drinking water is important if you're trying to lose weight. Some studies show that dehydration can be mistaken for hunger when all you need is water. The best advice on how much to drink per day is to simply drink when you're thirsty.

## Cardio Boot Camp

Are you ready to feel the burn? Get fit, have fun and make friends all in an hour of booty-busting mania! Instructor Tory's goal is to help you reach your goal of building a stronger cardiovascular system, building muscle, avoiding injury and having fun! Classes are geared to challenge all fitness levels. Class includes one full hour of cardio, weights, core and stretching, with focus on upper and lower body. No two classes are ever the same, which makes it fun and challenging for your mind and body. Please bring water, a yoga mat, fitness band, hand weights (3-5 lbs.) and running shoes. ## Be a responsible pet owner

The City enforces a leash law. It is a civil infraction for a dog owner to allow a pet to roam, run, or stray away from the owner's home onto public or other private property, unless controlled by a leash not more than eight feet in length. Stray dogs may be impounded and taken to the Everett Animal Shelter. Fines may be assessed for return to the owner. These rules apply when visiting City parks. Remember to control your dog, and pick up pet waste in an appropriate manner. If your dog likes to run free, visit the fully-fenced Strawberry Fields for Rover Off-Leash Park. Remember to be good stewards of the park - visit the Marysville Dog Owners Group website at [m-dog.org](http://m-dog.org) to volunteer for monthly work parties.

Looking for low-cost or free ideas to get active on the track or in the pool?

### Installation for first phase of Bayview Ridge Trail expected this summer

The highly anticipated Bayview Ridge Trail project will come closer to reality this summer with construction slated for the first phase, says Jim Ballew, Director of Parks and Recreation.

The first phase will include development of the trail from 64th Street NE north to 75th Street NE.

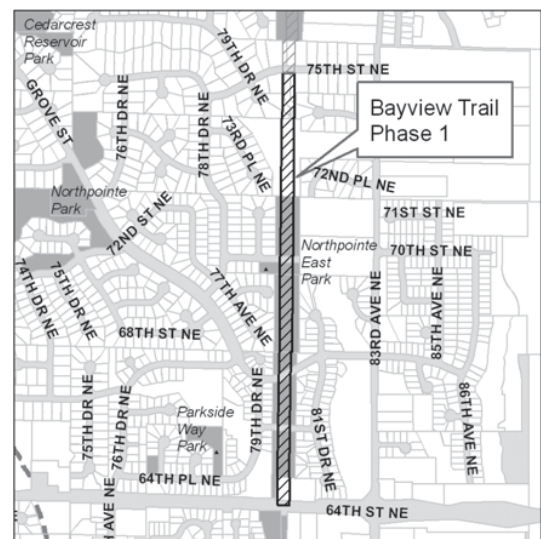

City forces will install the trail using recycled products.

The project has been identified as a community priority in City Comprehensive Plans, and Mayor Jon Nehring and the City Council authorized expenditures for construction this year.

The City Council allocated funds in 2008 budget to provide for master plan and design development which included planning to accommodate pedestrian, cycling and skating uses.

The first phase includes property acquisition, permitting, engineering and mitigation for the 1.6-mile section.

Completion of the trail is expected by mid-summer.

The first segment of Bayview Ridge Trail in the eastside Marysville foothills will extend from 64th Street NE (SR 528) north to 75th Street NE.

## Spring '11 Marysville University invites you to share wish list for Parks & Recreation Comp Plan

### SPRING 2011 SESSION

**6:30-9 p.m. Wednesday, May 18**

**Council Chambers, City Hall 1049 State Ave.**

*To reserve your seat, call (360) 363-8091*

Marysville University this spring invites you to a civics learning class that will give you an interactive opportunity to help the Parks and Recreation Department develop its next Comprehensive Plan to articulate the vision, future goals and strategies for the park system.

Information gathered at this community class will help elected officials, the Parks Advisory Board and staff identify short-term and long-term community needs to keep pace with our growing city, manage resources and provide quality park and recreation services for the benefit of individuals, communities and the environment.

The class will meet 6:30-9 p.m. Wednesday, May 18 in the Council Chambers, 2nd Floor in City Hall, 1049 State Ave. Free refreshments will be provided. Please call City Hall at (360) 363-8091 by May 11 to reserve your seat, or e-mail Executive Asst. Lynn Schroeder at [lschroeder@marysvillewa.gov](mailto:lschroeder@marysvillewa.gov).

## New Park Code will better preserve and protect parks for everyone's benefit

With the good weather of spring and summer drawing more people out to explore Marysville's parks, new park laws will be in effect to ensure a more peaceful and leisurely visit.

The Parks Department and City Attorney's Office, with approval from the Park Board and City Council, developed a Park Code that was adopted into the Marysville Municipal Code penal code. The new code provides clear language to enhance the use of parks, programs and community events conducted on park properties. The code helps police officials and park administration in enforcing current policies and laws intended to preserve and protect our parks for the benefit of all.

The code covers several areas of concern including:

- \* defacing of property
- \* littering
- \* unleashed or abandoned animals
- \* weapons
- \* trespassing for scofflaws who have already been banned from a park or are there after closing hours
- \* limits on facility use and reservation of park facilities

Violators are subject to a civil infraction and police enforcement and/or administrative sanctions, with immediate expulsion from a park ranging from a 7-day ban for a first offense, 90 days a second time, and a year for more than two offenses. A wide range of illegal disorderly behavior can turn a park into an unwelcome, unattractive and ultimately unsafe public space that carries added public safety and park maintenance costs.

The new code in part was prompted by random assaults and illegal disorderly behavior that occurred in downtown Comeford Park last year.

## Custody Office duo leads Alternatives to Sentencing program for low-risk offenders

### *Courthouse security for staff, public also fills the workday*

For some defendants who find themselves sentenced to jail time, anything is better than sitting behind bars.

The Marysville Police Department operates an Electronic Home Monitoring (EHM) program that provides an alternative to incarceration for low risk, non-violent offenders with little or no prior criminal history, allowing offenders to live at home while serving their sentences.

The program has been half-time over the past 15 years, but got a boost in 2010 when the original EHM program founder, Russ Irvin and fellow Custody Officer Monte Wallace were chosen to run it full time. They moved into new offices in the Marysville Municipal Court in January, where much of their responsibilities also include courthouse security.

“Our priority is protecting the Judges, court staff and the public attending court,” says Irvin. “We also take into custody those remanded into custody by the judge.”

Bumping the EHM program to a full-time operation and broadening its mission to a more multi-faceted Alternatives to Sentencing program, is one of several departmental reforms aimed at managing the City’s finances and programs more efficiently and cost-effectively.

Home detention provides benefits to taxpayers by keeping offenders out of the jail system, holding down jail costs

by saving the City booking and daily housing fees, and keeping the jail less crowded. It costs the City \$60 a day to keep someone in the Marysville’s 57-bed jail; it costs \$15 a day for EHM, paid by the offender.

For detainees, the program enables them to keep their family together, continue at jobs or school, deal with medical issues, get court-ordered treatment or make court-ordered appearances while serving their sentence, and pay for detention out of their own pockets.

“Alternatives to Sentencing is intended as a chance for an offender to maintain or better their livelihood to get the everyday things done they need to do, which they couldn’t do if they were sitting in jail,” Irvin says. Plus, it reduces the risk of repeat offenses.

Home detention is not for everyone. A GPS monitoring and radio frequency bracelet is strapped on the ankle with locking clips so it cannot be removed, says Irvin. The weighty, bulky device includes tracking technology and two-way voice communications so supervising officers can react as soon as offenders exceed restrictions based on time of day (curfews), or location, for example, driving outside of authorized geographical areas between home and work.

To be eligible for home detention, the Judge when sentencing individuals determines whether they can pursue

Photo by Monte Wallace

alternative sentencing based on the amount of time to be served. An application must be completed to enter the program, typically within 10 days. Irvin and Wallace then select suitable candidates for the program after a careful screening process.

Most clients are short-term – a minimum of 7 days, with some 90 days or longer, but 20 days is the norm.

Looking ahead, other services as part of the Sentencing Alternatives program are in development, including Day Jail, educational courses able to be completed while on detention, community service tied into home monitoring, or further into the future, a department-led work release program, Cmdr. Ralph Krusey says.

## Discharge of ‘safe & sane’ fireworks in city limits permitted on July 4th holiday only

While fireworks stands are allowed to sell “safe and sane” legal fireworks between June 28-July 4, that doesn’t mean citizens can set them off anytime or anywhere.

Discharging fireworks inside Marysville city limits is limited to **July 4 only**, between 9 a.m. and 11 p.m.

Marysville Police remind citizens that officers will respond to illegal fireworks usage over the July 4 holiday and educate people not to buy or use them.

Illegal fireworks pose a public safety and medical menace in the Marysville area each year. Carefully consider fireworks purchases and avoid products that are considered illegal in Washington. Illegal fireworks include firecrackers, cherry bombs, M-80s, some aerial bombs, bottle rockets and tennis ball bombs. Under state law, possession and/or discharge of illegal fireworks is a misdemeanor offense punishable by a fine of up to \$1,000 and/or up to a year in jail, requiring a mandatory court appearance. Police can also issue a civil infraction (fine) of up to \$500 instead of a criminal citation.

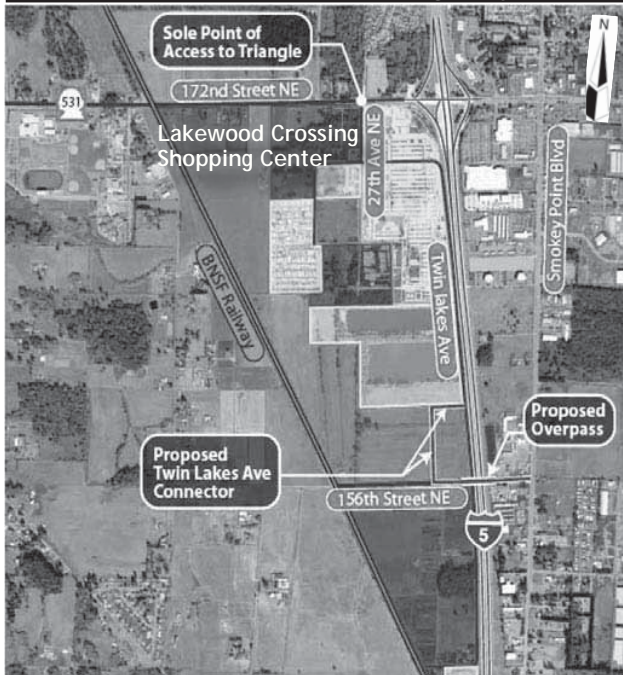

If legal “safe and sane” fireworks are a part of your family and friends’ celebrations, please abide by local laws, and take common safety precautions to prevent injuries.

**Fireworks debris is unattractive and poses a potential fire hazard. Please help keep Marysville neighborhoods and streets clean by properly disposing of all spent fireworks.**

## 156th Street Overcrossing Project

The 156th Street overcrossing project would connect east side of I-5 with Lakewood neighborhoods and shopping, alleviating traffic on 172nd Street (SR 521) interchange.

## Public Works Updates

### 156th Street overcrossing goes to bid,

The Lakewood Triangle Access/156th Street I-5 overcrossing in Marysville's north end is scheduled to go to bid in April for construction later in 2011. The overcrossing will connect Smokey Point Boulevard with Twin Lakes Boulevard and the growing Lakewood area.

This project is key to the future economic vitality of our city, says Mayor Jon Nehring. "It will help our commercial business in the Lakewood area, as well as provide infrastructure here to support future business on the east side of the freeway. The overcrossing will also provide a tremendous traffic improvement for our citizens who now have to go the busy 172nd Street route to access these businesses."

This project is also unique because of how it will be funded. In a flat economy where state and federal transportation dollars have dried up, the City and property owners in the benefit area are sharing in the funding, a remarkable commitment for a project of this scale.

□ □ □

The City of Marysville attained a break in access at SR 9 and SR 92 from the state has the potential to serve future commercial development, and provides a new driving route for residents in the Sunnyside-Whiskey Ridge area. The City has agreed to partner with the state Department of Transportation (WSDOT) and fully fund the break in access. WSDOT will manage the project, which includes the new access point, and creates a new 40th Street NE corridor as well.

## New fire hydrant use program to better protect City's drinking water

The City of Marysville Fire Hydrant Utilization Program protects customers' drinking water by eliminating the potential for cross-connections with the City's water distribution system, says Doug Byde, Water Quality Manager.

The program requires any person, business or construction company wanting to withdraw water from a City fire hydrant or City-designated fill station to apply for a permit. Two types of permits are available: vehicle and site permits.

For the vehicle permit, each truck/trailer to be filled from a city-designated fill station must obtain one. Fill stations are accessible at the following locations:

- **Midway** (Fire Station #63 at 14800 Smokey Point Blvd.)
- **Kellogg Marsh** (6605 100th St. NE)
- **South End** (Public Works at 80 Columbia Ave.)

Applicants must pay a \$100 refundable deposit to obtain a vehicle identification card, then pay a \$50 per month vehicle fill station utilization fee. Also, the card holder must pay monthly water consumption charges based on current water rates. The deposit, less accrued monthly fees and usage charges, is refunded when the card is returned.

Another requirement for vehicle permits is having the vehicles' air gap checked and approved by the City's Cross Connection Specialist prior to permit issuance, then annually. Inspection appointments require 48 hours notice.

A site permit is required when seeking to withdraw water

from a City hydrant for construction purposes. Applicant must pay a \$1,200 refundable deposit to get the permit, hydrant back-flow prevention assembly, and hydrant meter. The customer pays a base fee of \$50 per month plus water consumption charges based on current water rates. To obtain a permit, contact Public Works at 80 Columbia Ave. or call (360) 363-8100. Call the Water Quality Division at the same number for more information.

Prior to carrying out the City's Fire Hydrant Utilization Program, it is important that all current users of the City's fill stations or hydrants, report their water usage to the Public Works Department on a regular basis.

### Need to report a foul-smelling odor complaint?

If you live in the Marysville-area and want to report an odor complaint, whether you believe it originates from an or agricultural or industrial activity, the City of Marysville asks you to please contact the Puget Sound Clean Air Agency.

**1-800-552-3565, press "6", then leave name, phone number, address and a detailed complaint**

*It is important to call as soon as you notice the smell so that investigators can track the odor to its source*

## NEWSMAKERS &amp; NEWSNOTES

Mayor Jon Nehring with February Volunteer of the Month Bob Banks, and previous award recipient Given Kutz (right).

## Mayor honors volunteers of the month

Lifelong Marysville native volunteer **Bob Banks** was named community Volunteer of the Month for February. A prostate cancer survivor himself, Banks has been an American Cancer Society volunteer at Providence Hospital for the past two years working in the Resource Center providing support, resource information, a warm welcome, and endless goodwill to all cancer patients. Banks drops in regularly to lend the ear of a friend even outside his volunteer hours, and provides rides to Marysville patients during their radiation treatments.

Banks also gives back to the environment through his involvement and board work with the Evergreen Fly Fishing Club. In education, he has served more than 35 and as a past President of the Vocational-Technical General Advisory Council, and has mentored countless alternative program students.

Marysville resident **Given Kutz** was honored as Volunteer of the Month for December. Kutz is a gift-giver many times over for the time he spends helping youngsters read through Liberty Elementary's "Souper Senior" reader program.

Over the past five years he has been helping young students turn the pages toward not only stronger reading skills, but helping with them with math homework and helping out around the school in any other ways he can. He has even stepped in as "the Jolly Ole' giftgiver" himself at the school's holiday assembly.

## Update: Diversity Advisory Committee

Since forming last December, the Mayor's 20-member Diversity Advisory Committee has made meaningful and quick work of defining its mission and vision for creating a more diverse and inclusive Marysville community.

The mission is to recognize the important value of diversity in our community, to encourage policies, activities and thought-provoking discussion which support cultural understanding, mutual respect and inclusivity, and further the enhancement of our community as one where cultural and physical diversity is celebrated as an important asset.

Committee members recognize the many facets of a diverse society may include, but are not limited to, race, religion, ethnicity, gender, socio-economic level, mental and physical

differences, age, and sexual orientation.

The Committee envisions a welcoming and inclusive community that recognizes and honors diversity and is free from prejudice, harassment, bigotry and hate. Members encourage putting into action positive changes to create a harmonious environment. Committee members are now focused on goals.

## Planning Commission welcomes new members

Congratulations to the newest appointments to the seven-member Planning Commission, who are already on the job:

**Marvetta Toler** is a licensed Realtor with Prudential Northwest Realty. Her civic service includes committees within the Marysville School District, County Citizens for Human Rights Commission, and was influential in forming the Mayor's Diversity Advisory Committee.

**Rob Toyer** is President of Toyer Wealth Management, a former U.S. Marine, and member of the Lake Stevens Chamber of Commerce Board of Directors, and Snohomish Connections Le Tip group.

**Matthew Chapman** is a longtime Marysville resident and political newcomer employed in the health care industry, with an interest in giving back to the community.

□ □ □

The City Council in January approved the appointments of new members **Nathan Shelby** and **Mary Shivvers** to the Library Board; Shivvers was also appointed to serve on the Salary Commission. The Council approved the reappointments of Chairman **Mike Elmore** and **Kay Smith** to the Parks and Recreation Advisory Board, and returned **Kamille Norton** to the Salary Commission.

## Marysville Overall Criminal Activity - 2010

**Crime increase (incl. annexation):** 20% **Size increase in**  
**Population increased:** 54% **square miles:** 16 to 20.5

## Growing City sees decline in criminal activity per capita

While the City of Marysville's population swelled by 54% with the addition of new residents in the Central Marysville Annexation area, criminal activity is down per capita, according to the latest crime statistics.

"The key point to take away is that per capita crime is down, despite the huge number of new residents that we welcomed," says Mayor Jon Nehring.

Overall instances of criminal activity decreased 7% within the old city limits between 2009 and 2010. In that same period, residential burglaries were down 18%, vehicle prowls dropped 21% and thefts decreased 7% when the City's 2009 population was 37,530.

When factoring in the annexation in 2010 that added 20,400 new residents and increased Marysville's population to more than 58,000, most categories of criminal activity increased, as would be expected.

Adjusted for the entire city limits including the annexed area, Marysville saw an overall rise in criminal activity of 20% between 2009 and 2010, while the population grew by 54%. Over the same period, residential burglaries rose 15%, vehicle prowls stayed below 2009 levels

at 3.7%, while thefts increased by 15%.

In 2010 throughout Marysville, there were 68 commercial burglaries reported, representing a 24% increase over the year prior. However, commercial burglaries have been dropping considerably since 2007 when 117 cases were reported.

Nehring attributes the drops in crime to the innovative policing approaches of the Police Department, and the general state of the economy.

"Public safety is a high priority, and a core function of government," says Nehring. "Our Police are second to none, using integrated, innovative policing approaches that respond to community needs, while building partnerships with the public to solve problems together for a safer community. Their devotion to duty is second to none."

The pro-active, swift-action NITE Team of officers has amassed a solid track record of serving warrants, making drug and felony arrests, and seizing drugs and recovering guns. The School Resource Officer (SRO) program, Marysville Volunteer Program (MVP) and Neighborhood Watch have also been successful in stemming on-campus crime and promoting crime prevention.

## Citizens invited to free Shred-a-Thon April 30 - time to shred your old papers

With tax time and overflowing paperwork on your mind, now's a good time to get rid of sensitive, unneeded personal documents that can make you an easier victim for identity thieves to prey on.

Protect your private information and shred those sensitive records at the City of Marysville's free Shred-a-Thon from 9 a.m.-1 p.m. Saturday, April 30 in the Municipal Court parking lot, 1015 State Ave.

The City of Marysville, HomeStreet Bank, *North County Outlook* and Shred-It are partnering in this event to help raise awareness about identity theft.

Shred-It will post two trucks at the site. Certain restrictions apply to Marysville participants, says Doug Buell, Community Information Officer. Document destruction is first come, first served, limited to personal documents only (no business documents, please), with a limit of six boxes per person. No drop-offs of

Between January and March 2011, the Marysville City Council took action on 65 agenda items. Below are highlights from their deliberations. To view actual Council minutes, visit the City website at [marysvillewa.gov](http://marysvillewa.gov), then click on "City Information and Records."

#### JANUARY

◆ Approved a lease agreement with Bleachers in Marysville to operate a restaurant at Cedarcrest Golf Course. Owners of Bleachers Grill at Cedarcrest, HAR-RAD LLC of Marysville, was selected by a committee representing course operations staff and after interviews with three groups that submitted proposals.

#### FEBRUARY

◆ Authorized the Mayor to sign a new interlocal agreement with the cities of

Arlington, Lake Stevens and Snohomish to establish a specialized SWAT/Crisis Negotiating Team for north Snohomish County. Marysville Police will serve as the host agency, while sharing personnel and costs to implement the team for the four cities. Police Chiefs will serve as an Executive Board.

◆ The Mayor proclaimed February as Career and Technical Education Month in support of the School District's many vocational and technical program opportunities afforded students, preparing them for the career fields expected to experience

the fastest growth in this decade.

◆ Affirmed Planning Commission recommendations to adopt the Uniform Development Code (Title 22 in the Municipal Code). Combining all land-related regulatory controls together in the form of a UDC is viewed as a way to make it easier for the public and planning staff to find all relevant land use codes in one location; this recent approval also brings all outdated codes up to date.

◆ Passed a resolution unanimously confirming the City's commitment to work with regional agencies to address odor air quality complaints across boundaries.

#### MARCH

◆ Adopted an ordinance amending the 2011 budget and providing for the increase of certain expenditures within the hotel-motel tax fund.

◆ Authorized the Mayor to accept a \$1,000 donation from the Marysville Noon Rotary Club to use for the Easter Egg Hunt on April 23 at Jennings Park. The funds will be used to buy eggs and candy for some 3000 participants.

◆ Authorized the Mayor to sign a 5-year caretaker services lease agreement with Jeffrey and Karen Pickard for Deering Wildflower Acres Park at 4708 79th Avenue NE in the Sunnyside/Whiskey Ridge area, effective April 1. The Pickards had been providing caretaker services under a previous agreement.
